Provisions

Eligibility

You are eligible to participate after one year of service.

Enrollment

To enroll, please contact your human resources department to select a payroll deduction amount. You will then contact Vanguard to enroll online at vanguard.com/enroll. Your plan number is **090272**. To enroll by phone, call Vanguard at **800-523-1188**. Whether enrolling online or by phone, you will be asked the percentage of your pay you want to contribute and how you want to invest your money among the fund choices available.

If you enroll but do not make a fund election, your contributions will be invested in the Vanguard Target Retirement Fund with the target date closest to the year in which you will reach age 65.

Investments in Target Retirement Funds are subject to the risks of their underlying funds. The year in the fund name refers to the approximate year (the target date) when an investor in the fund would retire and leave the workforce. The fund will gradually shift its emphasis from more aggressive investments to more conservative ones based on its target date. The Income Fund has a fixed investment allocation and is designed for investors who are already retired. An investment in a Target Retirement Fund is not guaranteed at any time, including on or after the target date.

Beneficiaries

Be sure to name beneficiaries for your account. Properly designating beneficiaries ensures that, when you pass away, your hard-earned savings are distributed according to your wishes.

To name beneficiaries later, or to update your beneficiary information, log in to your account at vanguard.com/retirementplans.

Employee contributions

You can contribute a minimum of \$25 a month up to the dollar equivalent of 85% of your pay on a pre-tax or Roth 403(b) after-tax basis.

The IRS also limits contributions. For current IRS limits, visit vanguard.com/contributionlimits.

If you contributed to a previous employer's plan this year, be aware that the annual IRS limit applies to the sum of your contributions to all employer plans for this year. You should monitor your contributions to ensure that your total contributions for this year do not exceed the annual IRS limit.

If you are age 50 or older, or will reach age 50 by year's end, *and* you contribute the maximum allowed, you may make catch-up contributions. Catch-up contributions allow you to save above the normal IRS annual limit on a pre-tax or Roth basis.

Provisions

University contributions

Case Western Reserve University will make a contribution based on your annual salary, provided you meet eligibility requirements.

Rollovers

Call Vanguard if you'd like to roll over money to your account from a former employer's eligible plan.

Vesting

Vesting refers to your right of ownership to the money in your account.

You are immediately vested in all contributions and earnings.
